

## Camp Insurance

This policy is utilized by academic camps to provide coverage for accident and sickness to camp attendees while participating in a camp related activity. EH&S maintains all of the information for reporting purposes for the camps.

### **Premium**

Premiums are billed by EH&S directly to the departments participating in the insurance coverage.

### **Coverage**

This policy is provided only for academic camps. This policy coverage provides for medical payments to camp attendees who are injured while attending the camp. This policy provides excess insurance for campers that already have insurance and is primary insurance for campers that do not have insurance. Each camp that participates in this policy must report weekly the name and age of attendees (camp roster) to [Mary Parker](mailto:mparker2@fsu.edu) (mparker2@fsu.edu), program assistant, at Environmental Health & Safety. Any questions regarding this policy should be directed to the [Insurance & Claims Manager](#) at Environmental Health & Safety at 644-7683.
