

First Aid Kits

First aid kits should be available in each laboratory. The American National Standards Institute (ANSI) recommends that the kit contain the following:

- Absorbent compress, 32 square inches (No side smaller than 4")
- 1 container adhesive bandages, 1" x 3"
- 1 Adhesive tape, 5 yards
- 10 Antiseptic, 0.5 gram application
- 2 Ice packs
- 2 pair Medical exam gloves (disposable)
- 4 Sterile pads, 3" x 3"
- 1 Triangular bandage, 40" x 40" x 56"

Modifications may be made in accordance with the laboratory needs. First Aid Kits should be restocked as needed.
